What is PowerSchool Parent Portal

PowerSchool Parent Portal gives parents and students access to real- time information including attendance, grades and detailed assignment descriptions, school bulletins and even personal messages from the teacher. PowerSchool's Parent Portal provides single sign-on access. With single sign-on access parents create and maintain their account using the appropriate access credentials. Once parents have created their account, they will be able to manage their account information, link any and all students to your account (for whom you have parental or legal rights), and set email and notifications preferences for each student linked to your account. If account sign- in information has been forgotten, it can be retrieve by using the auto-recovery feature on the sign-in page.

How to Log In to Parent Portal

Use this procedure to create a new parent account. In order to create an account, you must have the Access ID and Password for at least one student enrolled in school. When creating the account, you will need the Access ID and password for each student you want to associate to your parent account. If you do not have this information or have questions, contact your school.

- 1. Open your web browser to the LPPS PowerSchool URLhttps://lpps.powerschool.com/public. The Parent Sign-in page appears.
- 2. Click on Create Account:

Enter the following information under the "Create Parent Account" section:

- First Name
- Last Name
- Email (must be unique)
- Desired Username (must be unique)
